EODCOE-8-1/2016

13 January 2016

Dear Ladies and Gentlemen,
Dear Colleagues,

INVITATION FOR THE NATO EOD DEMONSTRATION AND TRIALS 2016

I have the honour to invite all NATO/PfP nations' SMEs and defence industry companies' representatives as well as all targeted NATO bodies and relevant NATO organizations to participate in the NATO sponsored event

NATO EOD Demonstration and Trials 2016 held from 6th to 7th September 2016 in Bratislava, Slovakia,

the annual event for experts from NATO and PfP armed forces and defence industry, which will highlight the latest EOD/IEDD technology through live demonstrations, static exhibition and conference.

I am addressing the national armaments authorities, EOD SMEs from NATO commands and from NATO and national training centres including SMEs coming from current operations as the most relevant community able to present their lessons learned and to define the urgent military requirements for the EOD area.

Due to close links with EOD area, the C-IED and CBRN oriented companies are also invited to present and demonstrate their newly developed IED protection equipment and its application procedures.

I would very much appreciate to pass this information to your appropriate national authorities. I am convinced that your support towards this event will promote it and be beneficial for the entire EOD/IED community.

Yours sincerely,

L'ubomír Mrváň
Colonel, SVK Army
Director
